Driving Directions

(Your GPS may lead you astray:

use 47.63358 N, 122.39 W, exit to right mid-bridge)

Local North End:

Head over to 15th NW and cross the Ballard bridge
Turn left at W. Garfield St. (the lights beyond the second bridge of the pair you pass under) to take the ramp up onto the Magnolia bridge (*continue at ** below*)

From the Eastside:

Take I-90 West to I-5 North. (*Continue at "Northbound on I-5"*)

Northbound on I-5

Go north on I-5 and follow signs to the Mercer St. Exit
Take Exit 167 to Mercer Street (left-side off-ramp)
(*continue at "from the freeway" below*)

Southbound on I-5

Go south on I-5 and follow signs to the Mercer St. Exit
Take Exit 167 to Mercer St. (right-hand off-ramp)

From the freeway (This is much easier than it sounds – you stay with the flow while the streets change names)

Take a right turn onto Fairview Ave. North (400 feet)
Take a left turn on Valley Street (0.18 miles)
Valley St. bends to the left and becomes Broad St. (0.75 miles)
Turn right to Denny Way (0.32 miles)
Bend right to Western Avenue (0.22 miles)

(Driving directions continued)

Western joins Elliott Avenue West (1.18 miles)

Follow signs to Magnolia Bridge

Turn right at 14th Avenue West (signal light – 0.14 miles)

Stay to the right and follow the ramp joining the Magnolia Bridge (West Garfield St. – 0.35 miles)

****Mid-bridge, exit right** following signs to "Smith Cove Park" & "Cruise Terminal Parking" (0.55 miles)

Turn right at bottom of ramp and follow signs for cruise terminal parking
Park your car in the Republic Parking lot (\$5 for all day) and wait for our free shuttle to take you on the 3 minute ride out to the end of the pier.

Metro Bus routes 19, 24 and 33: Request the stop **on** the Magnolia Bridge at Terminal 91. Walk down the stairs and under the bridge to the Terminal 91 Republic Parking lot entrance below. Once you enter through the staffed gate wait for our free 3 minute shuttle at the stand.

(Homeland security and liability issues do not allow people to walk from the parking lot to the building nor to enter via the east gate near Elliot.)

We value our disabled visitors and we appreciate your cooperation in saving the limited parking space near the terminal for wheelchair users and others who can't visit without it. If possible, drop off passengers who can not board the shuttle and return to the main lot to park.
